- o Business development,
- o Functional Analysis,

As a CTO, I was managing up to 15 remote developers and designers, my hands-on was on the sever side, designing the API endpoints and taking care of the server's uptime and real-time reports.

Assisting to client meetings like Panasonic Latin America, and Yellow Pages Mexico for system requirements documentation, ideas brainstorming and new proposals.

Several of the Facebook Apps where developer in extreme timelines, 2 to 3 weeks from kickoff meeting to live deployments, this added to user cross-reference gives birth to NetNet Social as a tool for our clients, with full reception between the main clients.

PHP, JavaScript, jQuery, MySQL, HTML5, CSS, Gulp, VPS Admin, Gulp, Bash Scripting, Node.js, Postgres, Bitbucket.

### **Gravity Makers**

Jan 2012 - Dec 2012

#### **Remote Mobile Programmer**

Gravity Makers provides the necessary services to create, communicate and successfully distribute mobile apps.

- o Nokia development
- o Technical Analysis,
- o Coding and testing on the different devices,
- o Reporting and Delivery.

Qt, JavaScript, Symbian.

### **United Virtualities**

May 2007 - Feb 2009

#### **Team Leader and ActionScript Expert**

JavaScript, ActionScript, HTML, CSS.

**Evolution**

Aug 2004 – May 2007

Team Leader and ActionScript Programmer

JavaScript, ASP, Java, ActionScript, HTML, CSS.

**Marketing Plus**

May 2003 – Aug 2004

Programmer and Server Administrator

PHP, MSSQL, HTML, CSS, ActionScript.

## TECHNICAL PROFICIENCIES

Platforms: Linux (Ubuntu, Debian, CentOS)

Frameworks: Kubernetes (EKS, MiniKube, Digital Ocean Kubernetes), Docker, Elastic Stack (FileBeat, Logstash, Elasticsearch, Kibana)

Backend Languages: Node.js (Express), PHP (WordPress, Laravel, Code igniter)

Frontend Languages: React.js, Angular, React Native, JQuery, Vanilla JS, TypeScript

Databases: MongoDB, PostgreSQL, MySql, SQL

Tools: RabbitMQ, Jekyll, Gulp.

## PERSONAL EXPERIENCES

Fabrication: 3D Printing (FDM, SLA), Laser Cutting, CNC, PCB Design

Software: Arduino (C), Fusion 360, CAD / CAM, Autocad

Electronics: PLC, ESP, MicroBit, Prothon

## LANGUAGES

- o English
- o Spanish
